OFFICE OF LEGISLATIVE COUNSEL

Thursday - 7 June 1973

25X1 1. [] Called Ed Braswell, Chief Counsel, Senate Armed Services Committee, to alert him to the status of our disposal of Southern Air Transport.

25X1 2. [] Talked to Ed Braswell, Chief Counsel, Senate Armed Services Committee, and Guy McConnell, Senate Appropriations Committee staff, about the possibility of a very highly regarded Agency employee who may be interested in a position on the Hill.

25X1 3. [] Colonel Hammond, in the office of Assistant Secretary of Defense for Legislative Affairs John Marsh, called to say that Representative Lester Wolff (D., N.Y.) had talked with Marsh about the scheduled appearance of Sam Adams on the Hill and Marsh wanted to let us know in the event there was some information regarding Adams we wished to pass on to Wolff. I told Hammond we had been in touch with the Foreign Affairs Committee staff members about Adams' appearance before the Asian and Pacific Affairs Subcommittee and preferred not to take any initiative with Representative Wolff unless there were other factors which we should know about. Hammond said he felt this was a sound position under the circumstances and suggested we let it ride unless he called me again. I pointed out to Hammond, however, that Adams was no longer employed by the Agency and in no way spoke on behalf of CIA.

25X1 25X1A 4. [] After talking with Messrs. [] SB Division, and Mr. [] I contacted Richard Perle, Senate Permanent Subcommittee on Investigations staff, and advised him of our interest in a recent Soviet emigre. See Memorandum for the Record.

25X1A I told Perle I would be in touch with him in the next day or two about his interest in acquiring further information on the international grain situation. I also told him that [] had made arrangements for him to be briefed on the use of forced labor in the Soviet Union and would await a call from him on this.
